# LEARN TOGETHER BABY SIGN LANGUAGE

## Mondays

## April 8 – May 13

## 10:30–11:15a

## ages 0–5

This class will offer an opportunity on how to communicate with your baby before they learn the spoken word. Parents will find that baby signing opens a window into their child's mind that profoundly enriches the experience of parenting. Our classes offer time to bond with your baby through playful activities carried out in a friendly and supportive environment. A relaxed pace, use of music, play materials and books provide parents and babies a wide variety of creative ways to learn Baby Sign Language.
