Gerald Greene, Y Staff & 2020 SOU Graduate, presents:

Racism in America

Curious if you have implicit biases?

Wednesday, July 22, 2020 at 12:00p

Racism and implicit bias are terms we hear daily. But what do they mean to the people who live with their effects? Gerald will speak on his experiences living as a bi-racial, cis-gendered person in the U.S. and the impacts racism has had on his life. Participants will learn to ask, listen and understand (the key).
