

Safety first!

When properly practiced, fencing is a remarkably safe sport. But like most sports, there are inherent risks. We believe strongly in minimizing these risks through proper practices; we will emphasize safety and not permit unsafe behavior. Safety comes first!

- Fencing always is conducted with a fencing jacket, mask and glove ... always.
- Weapon tips must be kept near the floor when around anyone not wearing a mask ... always. This absolutely includes spectators, parents, siblings and others.
- Classical fencing places high emphasis on mutual respect and is never about bullying or abusing an adversary. Abusive or disrespectful behavior will not be tolerated.
- We suggest comfortable loose-fitting long pants. Shorts and jeans are not recommended for fencing.
- We suggest comfortable sport shoes with non-marking soles. Sandals and boots are not appropriate for fencing.

Always remember:

Safe Fencing Practices Are Everyone's Responsibility . . . always!

Fencing at the Ashland Family YMCA is primarily recreational. Our program emphasizes respect for oneself and one's companions, fun and camaraderie within a supportive fencing community.

Students will learn the technique, rules and etiquette of fencing with the standard (non-electric) foil, as well as skills that are fundamental to safety, fun and success in each of the three fencing weapons (foil, saber and epee). Students benefit from physical exercise, enhanced self-confidence and an exciting new skill.

FENCING

Youth and Adult Classes

Frequently Asked Questions:

- ◇ Who is the instructor? Primary instructor Dylan Shelton is an internationally certified Instructor of foil, saber and epee, with experience teaching children and adults. Dylan has been trained by Maestro John McDougall, who was privileged to study with the legendary Aldo Nadi. Every fencer in the YMCA fencing program is therefore directly connected to Maestro Nadi and his unique classical fencing technique.
- ◇ Is equipment required? Yes. Beginning fencing requires a foil, mask, fencing glove and fencing jacket. These may be rented from the Y. The foil will be provided. Rental cost is \$10 per month with an \$80 deposit. We recommend that each fencer purchase his or her own equipment as soon as practical; the cost is about \$100 to \$150. We are happy to help with ordering information.
- ◇ What are the levels of progression in the fencing program? Fencers progress at varying rates. We seek to develop each fencer as an individual, with students advancing as they acquire the necessary skills and are comfortable with the new level.
- ◇ Can I start in the middle of the month? Provided that the class is not full, you may start in the middle of the month and the tuition will be pro-rated up to 50%.
- ◇ What if I have other questions? We're happy to try to provide answers! Please leave a message at the YMCA for instructor Dylan Shelton.

Tuition Policy:

- ◇ We register participants all year long. Classes run monthly; space is limited.
- ◇ In order to hold your spot in your current fencing class for the *next month*, **tuition must be paid in full by the 19th of the current month**. Starting on the 20th, new participants may register for the next month's class until the class is full.

Arriving & Leaving:

- ◇ Classes are held in aerobics studio #1. Participants carrying foils through the YMCA must do so in a safe and responsible manner.
- ◇ Participants should not arrive more than 10 minutes before class or leave more than 10 minutes after class. Parent supervision is required until class begins.
- ◇ Parents should escort young children to and from class, but are not required to stay during their child's class.

If you have program questions, please leave a message at the YMCA for instructor **Dylan Shelton**.
